\$BROCCOIN White Paper

\$BROCCOIN: The Ultimate BRO Meme Coin on Solana

1. Introduction

- *\$BROCCOIN is the community-driven meme coin for BROs everywhere! Inspired by brotherhood (BROTHERS LIKE ROCKS), fun, and the Solana ecosystem, \$BROCCOIN is designed to unite holders in a rug-safe, high-potential adventure. Launched on Pump.fun, we're pumping to Raydium and beyond. No financial advice - DYOR and have fun! 🚀*

2. Tokenomics

- *Total Supply: 1,000,000,000 \$BROCCOIN (fixed, mint authority revoked for rug-safety).*
- *Creator Allocation: 26,000,000 \$BROCCOIN (for airdrops, community rewards, and development).*
- *Tax: 0% (fair and simple for all BROs).*
- *Liquidity: Bonding curve on Pump.fun, auto-migrate to Raydium at approximately \$96k MC with LP burn.*
- *Distribution: Community airdrops (1% of supply), organic growth, no presale or team tokens for rug-free vibe.*

3. Roadmap

- *Phase 1: Launch & Hype (Current): Pump.fun launch, airdrop live, X ads, Telegram community build. Bonding curve to %100!*
- *Phase 2: Raydium Graduate: \$96k goal for migrate, LP burn, rug-safe confirmation.*
- *Phase 3: CEX Listings: KuCoin/Bybit target, marketing boost, partnerships.*
- *Phase 4: Moon Shot: Community events, meme contests, BROs ecosystem (NFTs, games).*

4. Rug-Safe Features

- *Mint authority revoked by Pump.fun - no extra tokens!*
- *LP burn at Raydium migrate.*
- *Transparent creator - no rug, community first!*
